

MULTI-LAYER UNIQUE TIE BAR

Increases lug stability and center lug support
Minimizes lug base cracks

MULTI-DIRECTIONAL TREAD

For on-road and off-road applications
Higher productivity

DUAL ANGLE BLOCK-LUG

For improved traction and longer wear
Extensive tire life

WIDE TREAD WIDTH

For high road-ability and low soil damage
Less soil compaction

F77 (HF3)

FLOTATION RADIAL TIRES FOR HEAVY DUTY TRAILERS

- Offers high load carrying capacity at low inflation pressure
- Lug contact at center line ensures smooth and comfortable run on the road
- Strong nylon casing and special tread compound offers high wear resistance
- Reinforced bead offers superior stability
- Low rolling resistance leads to excellent fuel efficiency

LIMITED WARRANTY

All tires manufactured by Global Rubber Industries (Pvt) Ltd. are covered under limited warranty against materials, workmanship and any other manufacturing defects subjected to the usage of these tires under specified conditions. Please refer our standard warranty policy for further details

GRI is a leading producer of Specialty Tires from Sri Lanka with offices in six countries and sales in over 50 countries around the world. GRI produces high-performance Agriculture, Construction and Material Handling Tires. GRI's state-of-the-art factory is the largest in Sri Lanka to produce specialty tires and the first to produce radial agriculture tires. Technological innovation, engineering strength and operational excellence have powered GRI through rapid growth to become a leader in specialty tires. GRI is certified in ISO 9001:2015 - Quality Management, ISO 50001: 2011 - Energy Management and ISO 14001:2004 Environmental Management.
